How to place a bid?

Log in and find the description of the lot for which you would like to place a bid. On the right-hand side of the screen, you will find the Opening bid, the Current bid, and the startbid. By clicking the option 'Place this bid' you will see the total amount of your bid, including the buyer's premium and VAT. After you have accepted the general conditions by checking the box you can click 'Confirm' to place the bid.

The screenshot shows a bidding page for a motor yacht. On the left is a large image of the yacht with a 'Click on image to expand' prompt and a gallery of smaller images below. On the right, the bidding details are displayed:

You are also able to place an automatic bid.
How do automatic bids work?

In an auto bid, the user specifies their maximum price for the lot. The auction system ensures that, when outbid by another party, the minimum possible increment is placed on behalf of the user, as long as the user's maximum price has not been reached. The user can remove an auto bid by simply placing a static bid that becomes the highest bid at that moment.

Important

1. The yacht will be sold 'As is Where is' (we advise you to visit on the viewing day)
2. Your bid is binding and cannot be undone
3. You must be logged in to follow the auction in real time
4. If there is a bid in the last 2 minutes of the auction, the closing time will be extended by 2 minutes
5. There is also an app available for IOS and Android and you can also bid on a mobile version of the website. If you bid on the app, tablet or mobile website, you must refresh the website. If you do not refresh you will not see the most updated bids and perhaps you may be outbid on the auction. Keep a close eye on this.
6. If Troostwijk cannot reach you during the closing of the auction, Troostwijk can block your account for bidding. So make sure you are available on the phone.
7. If the buyer is from outside the EU and requests eport, the sale can be executed excluding VAT. If the buyer has a company with an EU VAT number (exclusive NL) then the sale can be on 0% using internal trade rules of the EU (intra communair). Contact us for the terms.
8. There is an extensive FAQ on the website: <https://service.troostwijkauctions.com/nl/>
